The FireWorks' Fund's (FWF) *mission is to raise money through the net proceeds of the children's adventure book 'FireWorks'*. We want to offer an amazing Australian story, and in return, the donations will help the environment and make a better future so that our children can live in a world that is healthy, peaceful, eco-friendly and equal. This includes our urban and rural ecosystems, our wildlife, our cultures and our communities.

How can you donate?

IT'S SIMPLE! If you like this activity book, all you need to do to donate is BUY FireWorks (2021). The book is designed for a younger audiences between the ages of 8-14.

LOOK OUT FOR THIS STICKER.

The book also has a variety of hand-drawn images, several photographs of the bushfires, the Australian animals impacted, the bushland's

recovery, and several facts about Australia. Not only is it educational, but the story is an action-packed rollercoaster with many ups and down. Think Crocodile Dundee meets Lord of the Ring in association with the Australian Geographic. So if you want to learn about the Australian bushfire season, or if you want a fun read that isn't *too long*, give FireWorks a go!

Sincerely,

Find the right path from one side of the bush to the dingo den. Be careful of the bushfires!
